

School Health Promotion Morning Announcements

APRIL: Spring into Fresh Fruits & Veggies!

Two Student Dialogue:

[Start speaking here.]

Student 1: Is that a salad you have for lunch?

Student 2: Yep – I picked all the veggies out myself at the farmers market on Saturday with my dad.

Student 1: Salad? Yuck!

Student 2: No – it's so yummy because all the veggies are fresh! The farmer told me all about his farm and where the veggies come from. And he had strawberries, too. Taste one!

Student 1: Mmmmmm... That is so sweet!

Student 2: Yes – tastes different from the ones you get at the store, huh?

Student 1: I guess I better find out if there's a farmers market near my house!
